#### Personal, Social, Health and Economic Education (PSHE): Introduction

The school's approach to PSHE is to reflect its aims and ethos. This includes actively promoting the Fundamental British Values of democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs.

PSHE is delivered through:

- weekly timetabled lessons
- Character Virtue Education and occasionally Philosophy lessons (Form Time)
- Weekly Assemblies
- Cross-curricular links in all other areas of learning

Character Education is embedded in the school curriculum and follows The Jubilee Centre Programme of Study. Throughout the year, pupils' study eighteen different character virtues namely:

- Caring
- Helpfulness
- Empathy
- Cooperation
- Courage
- Kindliness
- Cleanliness
- Fairness
- Friendliness/Friendship
- Community
- Patience
- Respect
- Courtesy
- Forgiveness
- Determination
- Self-discipline
- Gratitude and
- Honesty

.....with the aim of developing a set of personal traits or dispositions that produce specific moral emotions, inform motivation and guide conduct. Character education supports WHS pupils in the development of positive personal strengths or virtues.

A Christian ethos informs our approach at Westbury House and underpins our values in PSHE. Pupils engage in Christian prayers at lunch time and during assembles. However, the school acknowledges and welcomes children of all faiths and delivers a values-based rather than faith-based PSHE curriculum.

The school promotes pupil's physical and emotional health and wellbeing, and raises awareness around the importance of mental health through a high-quality, wholeschool pastoral support programme including:

- Weekly Mindfulness lessons (including MindUp)
- Fortnightly wellbeing meetings
- Peer Mentor Programmes
- Emotional Support sessions within Learning Support Department

Careers Education is delivered formally to both Years 5 and 6 through the PSHE curriculum content. The school holds a 'Career Week' in the Summer Term for the whole school where parents and visitors working in various fields talk to the children about their working experiences or run workshops for example for Marketing or enterprise projects. Where possible, the emergency services are invited in to the school so that the children can consider careers in areas such as Fire and law enforcement. The school also runs activities such as 'The Fiver Challenge' where children are invited to create or develop a product with minimal resources in order to make a profit.

At Westbury House School, the **PSHE** curriculum is strongly tied to Relationship and Health Education (RHE) as well as pastoral care programme. In PSHE (and RHE) delivery, the school pays particular regard to the protected characteristics under Section 4 of the Equality Act 2010 (of which pupils are made aware to the extent which is age appropriate). They are as follows:

- Age
- Disability
- Gender reassignment
- Marriage and civil partnership
- Pregnancy and maternity
- Race
- Religion or belief
- Sex
- Sexual Orientation

PW62 Make responsible, informed decisions relating to medicines, alcohol, tobacco and other substances and drugs.	PW68 Manage changing emotions and recognise how they can impact on relationships. PW69 Talk with a wide range of adults.

**Effective promotion of Fundamental British values** 

These are democracy, the rule of law, individual liberty, mutual respect and tolerance of those with different faiths and beliefs. This is evident in the school's ethos and in many ways throughout the school, for example, in the RHE and PSHE

programme, School Council, assemblies, Character Virtues lessons, the No Outsiders

curriculum and within subject areas.

**Political Education** 

Political issues may occasionally be referred to in lessons. They are presented in a

balanced manner and can be linked to the teaching of Fundamental British Values.

**Monitoring and Review** 

This policy will be monitored by the Deputy Head who will report to the Headmistress on its implementation on a regular basis. The Headmistress will report

to the Governing Body on the progress of the policy and will recommend any

changes.

All teachers monitor the effectiveness of the curriculum and provide Subject Leaders and/or the Deputy Heads with regular feedback so that improvements can be made.

Subject Leaders monitor their subjects on an ongoing basis so that a forward-looking

approach to curriculum development is undertaken.

All subjects, their schemes and other documentation are reviewed annually by the

Senior Leadership Team.

The allocation of subjects to classes, and their period allowances, are reviewed

annually by the Senior Leadership Team.

The curriculum policy is reviewed every two years at Governance level

This is a whole-school policy which includes the Early Years Foundation Stage.

Next policy review date: Spring 2027
